

# Provincial Return Incentive Zone Map and Community List

Alberta is divided into six zones, each with a different Return Incentive rate to encourage the maximization of used oil material collection throughout Alberta. It is important for Registered Collectors and Processors to be aware of the zones in which they are operating to accurately complete AUOMA forms.

Information about Return Incentives rates by zone are available on the both the Collectors page and Processors page on the AUOMA website ([usedoilrecyclingab.com](http://usedoilrecyclingab.com)).

Each community is assigned to one of six zones. Two lists are provided below:

- Alphabetical list of communities and associated zones: pages 2-6
- List of communities by zone: pages 7-10

Zone boundaries are set and determine which zone a community falls within. If a community is not specifically listed, its zone can be determined by checking the Provincial Return Incentive Zone Map.
